

ST 9029

6pc. Slim Profile Pry Set:

Each Pry-Tool within these two separate kits was developed with special contours and unique features for effective and safe removal of delicate fascia trim and bezels of; dashboards, air vents, door panels, door locks, electronic seat controls, seat levers, center consoles, gear shifters, etc. Made from impact resistant, high quality nylon so they will not scratch or mar fascia as can metal tools.

This Slim-profile pry set was specifically designed for finer fascia jobs.

ST 9007

5pc. Heavy Duty Pry Set:

Each Pry-Tool within these two separate kits was developed with special contours and unique features for effective and safe removal of delicate fascia trim and bezels of; dashboards, air vents, door panels, door locks, electronic seat controls, seat levers, center consoles, gear shifters, etc. Made from impact resistant, high quality nylon so they will not scratch or mar fascia as can metal tools.

This Heavy-Duty pry set was developed for the somewhat larger panel applications.

ST 9030

Ultimate 11pc. Professional Pry Master:

Stop Losing Your Pry Tools!

This Ultimate 11pc. "PRY MASTER" Set is an exclusive combination of two very popular kits, part no.'s ST 9007 & ST 9029. Complete with a professional canvas storage pouch, it easily converts to a rolled up, free standing heads-up display or lays flat on a dashboard. This is very useful for quick reference & easy access while on the job. This set can also be hung on a wall for easy storage or folds into a compact carry case, secured by its velcro tab. Sir Tools is famous for its pry tools because they are made from high quality, impact resistant nylon.
