Part #: ST 9007

Each Pry-Tool within these two separate kits was developed with special contours and unique features for effective and safe removal of delicate fascia trim and bezels of; dashboards, air vents, door panels, door locks, electronic seat controls, seat levers, center consoles, gear shifters, etc. Part# ST 9029 is a (6) piece Mini-Kit specifically designed with extra slim profiles for the finer jobs. Whereas part# ST 9007 a (5) piece kit has been developed for the somewhat larger applications. Both kits are made from impact resistant, high quality nylon so they will not scratch or mar fascia as can metal tools.

**Anti-corrosion  
 tips, treated  
 with Mag./Phos.**

Part #: ST 9009

**Brass  
 Quick  
 Chuck:**

**Approx.  
 Handle  
 Size w/ Bit!!**

This Double-Ended 23 pc. "Mini-Uni-Drive" kit was developed in order to aid the technician with R&R of small screws of Dashboards, Radios, ECU's, Instrument Panels, Cell Phones, Pocket Knives, etc. The quick interchange of each of the 11 Double Ended driver bits is easily accomplished with the Quick Brass Securing Chuck. Each Double Ended Bit length is easily adjustable when secured in the handle.
